

A photograph of a residential area in Moscow. In the foreground, a wide, paved pedestrian path made of light-colored bricks leads towards the background. To the right of the path, there is a small, curved grassy area bordered by a low concrete curb. Several yellow plastic bollards are installed in this area, some standing upright and others lying on the ground. A utility pole with a yellow circle highlighting a specific point on its upper section stands near the path. In the background, there are several multi-story residential buildings, including a prominent red brick building on the right. A few people are visible walking in the distance, and a dark car is parked on the right side of the path. The sky is overcast.
